Forward Looking Statements

Any statements in this presentation that are not historical or current facts are forward-looking statements. Forward-looking statements include, without limitation, statements concerning plans, objectives, goals, projections, strategies, future events or performance, and underlying assumptions and other statements, which are not statements of historical facts. Forward-looking statements convey the Company's current expectations or forecasts of future events. When used in this presentation, the words "anticipate," "appears," "foresee," "intend," "should," "expect," "estimate," "target," "project," "plan," "may," "could," "will," "are likely" and similar expressions are intended to identify forward-looking statements. These statements involve predictions of our future financial condition, performance, plans and strategies, and are thus dependent on a number of factors including, without limitation, assumptions and data that may be imprecise or incorrect. Specific factors that may impact performance or other predictions of future actions have, in many but not all cases, been identified in connection with specific forward-looking statements. Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the Company's actual results, performance or achievements to be materially different from any future results, performances or achievements expressed or implied by the forward-looking statements. Certain of these risks and uncertainties are described in the "Risk Factors" section of Nationstar Mortgage Holding Inc.'s Quarterly Report on Form 10-Q for the quarter ended March 31, 2012, and other required reports, as filed with the SEC, which are available at the SEC's website at http://www.sec.gov. We caution you not to place undue reliance on these forward-looking statements that speak only as of the date they were made. Unless required by law, the Company undertakes no obligation to publicly update or revise any forward-looking statements to reflect circumstances or events after the date of this presentation.

Endnote

Adjusted EBITDA ("AEBITDA") *This disclaimer applies to every usage of "Adjusted EBITDA" or "AEBITDA" in this presentation. Adjusted EBITDA is a key performance metric used by management in evaluating the performance of our segments. Adjusted EBITDA represents our Operating Segments' income (loss), and excludes income and expenses that relate to the financing of our senior notes, depreciable (or amortizable) asset base of the business, income taxes (if any), exit costs from our restructuring and certain non-cash items. Adjusted EBITDA also excludes results from our legacy asset portfolio and certain securitization trusts that were consolidated upon adoption of the new accounting guidance eliminating the concept of a qualifying special purpose entity ("QSPE"). The reconciliation of AEBITDA to the most directly comparable financial measure calculated and presented in accordance with GAAP can be found in the Q1 2012 Earnings Presentation in the Investor Relations section of our corporate website, www.nationstarholdings.com.*
